### **DETAILED ACTION**

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, based upon the changes made to the language of the claims by the latest amendment filed 1-15-04, and the substitute reissue declaration provided therein, the finality of that action is withdrawn. Claims 36-39 are pending in this application and have been examined.

2. Acknowledgement is made of the surrender of the Original Patent, No. 5,761,301, which was received at the Patent Office on Nov. 22, 2002.

### ***Drawings***

3. The drawings were received on 1-15-04. These drawings are approved.

### ***Allowable Subject Matter***

4. Claims 36-39 are allowed.

5. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field, Kato (US 4,503,531) and Ikeda (US 5,050,150) singly and in reasonable combination with each other and the other prior art in the field, fail to teach the features found in the claimed invention of an optical disc and a method for manufacturing the disc, comprising: an information recording layer having a track of spiral shape and formed between a first and second substrate, where there is a data recording area and a barcode pattern

formed on the track, and where the barcode pattern and data recording area are readable by light radiation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
